

# CLINIC CONSENT FORM (All participants must sign)

---

Image by permission of PLIC, INC.

Dear Participant:

You are invited to participate in a study of the Play Like A Champion Today™ Program conducted by the Institute for Educational Initiatives at the University of Notre Dame. If you decide to participate, you will complete an information sheet at the beginning of the clinic, a coaching concerns survey and an evaluation at the end of the clinic, and a questionnaire at the end of each sports season.

Participation is completely voluntary; you may stop participating at any time prior to completion of the project. Names are only required for the matching of the Coaching Concern Survey with participant information and will be removed and discarded immediately after pairing, prior to data entry and analysis. Should you have any questions at any time, you are welcome to contact the researchers at [plc@nd.edu](mailto:plc@nd.edu). Your decision to participate or not will not prejudice your future relations with your school, parish, diocese, or the University of Notre Dame. One benefit of participating in the study is that you will have the opportunity to think about your role as a coach.

If you are willing to participate in this research, please read and sign the consent form below. If requested, you will be given a copy of this form to keep.

*I agree to participate in all of the procedures above. I understand that my identity will be protected during the study, as surveys are not linked with names. I also understand that my name will not be revealed when data from the research are presented in publications. I have read the above and give the researcher, Clark Power, and his co-authors at the University of Notre Dame permission to use excerpts from what I write or transcripts of tapes without identifying me as the writer or speaker.*
